Whitemarsh Friends:

1. I suggest we leave Gale's sign face down. If I get time this afternoon, I will pour doggy droppings on his face-down sign. Let him know that!! 🐕

This is based on my interaction with him last Thursday, October 1st, at the MCRC Fall dinner. I personally asked him based on some shared history to "knock it off" - stop violating "Reagan's 11th Commandment" - and "rejoin the team." I advised him my disappointment in him was political, not personal.

He came up with this story he tells re MCRC Chair Mike Vereb contacting "his donors." I immediately walked across the room and asked Mike re this. The truth was Mike talked to precisely two donors and was asking them to contribute to MCRC.

I immediately walked back across the room and told Joe he "was mistaken." I was being kind. His line re this is bullshit. See interview below:

Also - when I asked him if he was soliciting people to "cut" Iraq war Vet/Finance Professor GOP Commissioner candidate, Steve Tolbert - a truly good guy - and "bullet vote" for him, Joe Gale, he did not deny that he and his team of moron advisors were doing this.

Joe Gale's ploy assumes only one GOP candidate can win in November - that the Dems have 2 seats already "locked." It is a Philly-Dem, scumbag, low-life political "strategy." We should eschew it mightily.

2. He refused to be a "team player" and was insulting about it to boot. THEN it got personal and I ripped into him. I must admit, it REALLY felt good. 🐕

3. I urge all receiving this email, including those receiving a blind copy, to turn the table on idiot Joe Gale. ***I urge that you join me in soliciting every voter you know to "cut" Joe Gale on Election Day and "bullet vote" for Iraq war Vet/Finance Professor GOP Commissioner candidate,***
